

# MULE DEER FOUNDATION: ALBERTA CHAPTER

## Mission Statement:

*The Mule Deer Foundation's mission is to ensure the future of mule deer, black-tailed deer and their habitat.*

The Mule Deer Foundation (MDF) is a non-profit wildlife conservation organization headquartered in Salt Lake City, Utah. Formed in July 1988, MDF now has over 14,000 members and almost 100 chapters nationwide who support its grassroots efforts. Through chapter fundraising events, MDF volunteers raise thousands of dollars to help fund habitat and conservation projects throughout the West.

In 2011, a chapter was formally established in Alberta.

The Mule Deer Foundation is dedicated to the following goals and objectives:

- To restore, improve and protect mule deer habitat (including land and easement acquisitions) resulting in self-sustaining, healthy, free ranging and huntable deer population;
- To encourage and support responsible wildlife management with government agencies, private organizations and landowners.
- To promote public education and specific research related to mule deer and wildlife management.
- To support and encourage responsible and ethical behavior and awareness of issues among those whose actions affect mule deer
- Acknowledge regulated hunting as a viable component of mule and black-tailed deer conservation.

MDF supports scientific research and is a co-founder of the Chronic Wasting Disease (CWD) Alliance. The Alliance uses public communication and outreach activities to promote better understanding of CWD, and supports strategies that effectively control the disease to minimize its impacts on wild, free-ranging deer and elk populations.

The Mule Deer Foundation magazine communicates the mission of the Mule Deer Foundation. Articles and photographs portray the beauty, value and importance of mule deer and black-tailed deer, while relating the thrill of hunting and the challenges of modern deer management.
